

VACCINATION POLICY

From December 20th, 2021 full COVID-19 vaccination certificates will be required for all guests over the age of 12.

As per the NZ Government's COVID-19 protection framework, Leithfield Beach Holiday Park will be required to operate a **no jab + no vaccination certificate = no stay** policy for all guests, visitors, staff and contractors aged 12 years and over.

The reservation holder is responsible to ensure the entire group in the booking is fully vaccinated and can provide the required proof of NZ Government Digital Vaccination Certificate. **Please email your certificates to info@leithfieldbeachholidaypark.co.nz at least two weeks prior to your stay, and have them ready to be verified at check in.**

Photo ID may also be required for guests aged 16 and over. Children under the age of 12 years old at the time of their visit will not require a Vaccination Certificate. If you are unable to get a vaccination for medical reasons, you will be required to show proof of your Government approved exemption.

If you have any questions, or would like to change your booking, please get in touch with our team as soon as possible.
